

Hungarian (again)

Thread Type	As Shown	Your Choice
Cotton floss	Presencia 3664 Very Dark Turquoise (4)	

The last section! This is a repeat of the Hungarian stitches that began the whole thing, with 4 strands of floss like before, but horizontal instead of vertical. Stitch as shown in the diagram.

Diagram 52

All of the stitching is complete! I finished my project into a wallet, and followed the finishing instructions that came with the wallet. Other finishes would also be appropriate—box top, flat fold finish, framed. If you want to expand the design, it can be mirrored and made more square by repeating the design.

I hope you enjoyed this free project from DebBee's Designs! Follow my blog for more free stitch along designs, and thanks for stitching with me!
